Dear Parent(s)/ Guardian(s),

As part of preparations for the 2017 academic year we thought of beginning as early as now to arrange for a door to door scholar's transportation.

Currently we are rendering this service on route such as Centurion, Midrand, Thatchfield, Stone Ridge, Lonehill, Kyasand, Fourways, Ruimsig, Little Falls, Cosmo City, Kagiso, Soweto and Lenasia. We would like to get more involved in other areas such as Northgate, Honeydew, Randburg just to name a few.

For us to be able to know numbers that we will be working with, we are requesting Parent(s)/Guardian(s) to book their children seat by phoning/send an email, the cell number/email address is provided.

NB: There are school buses who do also service some of these areas, and us as a preferred service provider, we come in where Parent(s)/Guardian(s) can't make it in time to pick their kid(s) at bus stops identified as Pick up/Drop off points.

Our prices are in line with more or less what the school charges, for an example: if the school charges R140.00 per trip to Centurion from Magaliesburg and vice versa, we also charge that.

Our vehicles are kept clean all the times and unfortunately no loud music is allowed in any of the vehicles, scholar's aren't allowed to eat or if they do because of being kids – they are requested to keep littering minimal. Discipline expected from them at school it also applies when they are on route either from home or going back home.

A door to door service is very tedious especially if people aren't punctual. We request those who will choose to use this service to be reminded that punctuality is the name of the game.

Thanks.
